**SCEL Doubloon Scratchers (FY13 Scratchers) RFQ  
FY13 Scratchers Questions/Answers**

**Amendment 2**

**Wednesday, April 24, 2013**

**Question 7**

**Q: We have a source for the scratchers; but the process is not Anodized; Our Kalodized colorized finish is first sprayed on then bake. With our new process we are able of provide a product that is:**

- **As durable as Anodizing**
- **Brighter Colors**
- **More Color Options**
- **Consistent color matching from order to order.**

**Anodizing - is dipped in an electrically charged color fill tank.**

**End result is both processes are colorizing aluminum.**

**Is this OK to Quote ??**

**A: The "Kalodize" process is so new that all a web search turned up was a trademark registration had been applied for on Thursday, January 31, 2013.**

**Yes, vendors may quote kalodized aluminum in addition to anodized aluminum. If a vendor is providing a kalodized aluminum quote, please ensure the kalodized samples are clearly marked.**

**Additional Questions**

Should you have additional questions, please send them to:  
Procurement@SCLot.com

Questions will be answered **within 48 hours** and posted on the SCEL Procurement webpage:

<http://www.sceducationlottery.com/lottery/procurement.aspx>

**Acknowledgement of Receipt of Amendments**

Should there be additional questions, the bid/sample due date and award posting date will be extended to allow vendors time to view and acknowledge the additional amendments. At the time the bid is offered, **please acknowledge receipt of the amendments by initialing and dating each amendment below.**
