

## 022011Multi2 Questions/Answers2

(Due in by 2/16/11 at 10:00 AM EST)

1. Is this bid a one vendor all or are you going to award separately by item? **This bid will be awarded to one vendor**
2. Is the printing of the SCEL logo on the t-shirt going to be on the front, back or both sides? **The printing will be on the front left chest**
3. The mossy oak cotton t has a pocket. Will the imprint go on the pocket?  
**We are not requesting a camouflage t-shirt with a pocket; however, vendors may provide a bid for a t-shirt with or without a pocket. The description for the CAMOUFLAGE SHORT SLEEVE T-SHIRTS are a Mossy Oak "Break Up" camouflage pattern or a similar camouflage pattern as deemed acceptable by SCEL. We are mainly concerned with the camouflage pattern resembling the Mossy Oak "Break Up" pattern. If the t-shirt did have a pocket, SCEL's logo would be placed on the front left chest on the pocket. If the t-shirt did not have a pocket, SCEL's logo would still be placed on the front left chest. SCEL is requesting the camouflage pattern to look like the Mossy Oak "Break Up" camouflage pattern; however, it does not necessarily have to be the Mossy Oak brand. Please feel free to send us any pictures of the patterns that you are considering bidding on and SCEL will either deem them acceptable or unacceptable.**
